Insulated Ice-Cooled Bottle Rails

Model #: CC-LTC-4BR
 (Bottles not included)

See next page for a complete list of available models.

Standard Features:

- Holds 3.5" diameter speed pour bottles
- Ice-cooled, non-electrical dependency allows it to be placed in the most convenient locations
- Foamed in place insulated base holds temperature for hours on a single ice fill
- Compact design takes up little countertop space
- Includes Steril-Sil heavy duty #S-500 perforated cylinders to hold standard 3.5" diameter bottles (bottles not included)
- Stainless steel cylinders allow maximum conductivity and air-flow, direct contact with the cool air and stainless-steel cylinders creates the efficient temperature holding
- Stainless-steel interior pan and exterior body
- Rear lid is hinged for easy ice fill
- 5- and 6-hole units include drain faucet
- Light weight and portable
- Includes non-marking feet
- All welded 304 stainless steel construction
- Made in the U.S.A.

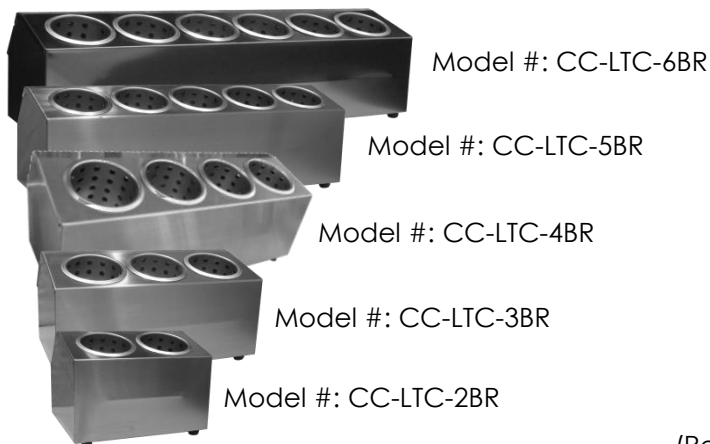

Product Specification:

Steril-Sil model #CC-LTC- BR Insulated Ice-Cooled Bottle Rail. 304 series stainless steel construction. Stainless steel interior pan and exterior body with foamed in place insulation.
